

Welcome to a guest lecture on...

Classification of Cells Using Artificial Neural Networks

Learn about the latest techniques and real-world applications of neural networks in cell biology. Engage with guest speakers including Sonja Aits, Pablo Villanueva Perez, and Kent Stråhlén during a pizza mingle after the lecture. No sign up needed!

29th
MARCH

16:00 to 18:30

Lecture hall KC:A
at Kemicentrum
(Naturvetarvägen 14,
Lund)
