A GREAT PLACE TO
DO NANOSCIENCE

Introduction to NanoLund

20 September 2023

What is NanoLund? How is it organised? Which are the benefits? How can I find collaborators? What does it mean to be involved in NanoLund? Tips and tricks for PhD students and postdocs.

To answer these and many other questions, we welcome you to an introduction event to NanoLund Wednesday 20 September 2023 from 14:00 to 16:30. It will take place in k-space at Fysicum. The event is open to everyone who has joined NanoLund the last year: PhD students, postdocs, administrative and technical staff, Members and Affiliated members – and everyone who always wanted to know more.

More information and registration at:

<https://www.nano.lu.se/introduction>

Please register before 18 September 2023
